**TOWN OF SPIDER LAKE, SAWYER CO, WI**  
**CLUP MEETING 7/25/2006**

A meeting consisting of Miller, Ross, Baumann and Guyer was held to list what has been done since the CLUP was completed in 2002. The following was a list compiled and sent to Johnson from NWRPC:

- Revegetation of buffer zones are now being enforced by the Town Zoning Administrator as the result of a new Town Ordinance.
- A Sign Ordinance has been enacted and an inventory of all existing signs has been completed.
- A Town Newspaper is published twice a year to help educate property owners to encourage best management practices.
- A Town information center has been established to provide literature at the Town Hall.
- An annual native plant sale is sponsored by the Town to aid in revegetation of the Town's shore land.
- The Town encourages and supports the Lake Associations within the Township for lake monitoring and grant applications and new land owners education.
- The Town has established a web site to communicate meeting notices, agendas and other information.
- The Boating Ordinance has been updated and public discussion on enforcement is ongoing.
- The Town accepted an ecologically sensitive property to protect and preserve the shore land.
- Coordinate ATV trails development with adjacent townships and the Forest Service.
- Promote quiet sports by use of Town roads for local bike races.
- The Town has adopted the UDC code and hired an inspector.
- Portions of three Town roads have been classified as rustic Roads by the State.
- The Town continues to oppose room tax.
- The Town has approved changes in zoning requirements to allow new agriculture use.
