Meeting called to order by McGinness at 9:00 p.m.

Committee member Krause and Brandt, minutes of the meeting taken by Kathy Overman

McGinness, asked about projects to be considered for the LRIP. Starting on Murphy Blvd. at Balsam and go to the Bridge which is a total of 1.9 miles. Amount to be considered is \$50,000 per mile blacktop and 4500 to 5000 for milling. The county has available \$150,000.00 to which the projects and towns will be selected by the county road committee to be allocated the funds. It would be best to stay below \$65000 at that point engineering will need to be brought in. May need to consider a shorter distance to be sure we stay under the \$65000. we can work the balance through the town road work.

Need to adopt a resolution and motion to continue the trip program.  
Bring this up at the October board meeting.

Problem with Paddock Road Project. The culvert that was put in was too small and off by 9 ft. Need to get further south ditch is not adequate; the length is 150 ft. short of the plan.  
Gene, Denny and Heather to meet on Paddock Road tomorrow at 10 a.m.

George brought up the floor deterioration because of the salt. We need to review the problem and see what can be done before winter.

Krause made the motion to adjourn  
2nd by Brandt  
All in favor  
MC meeting ended 9:30 p.m.
